

35th Annual Conference

of the International Association of Climatology

6-9 July 2022

Toulouse - France

Centre International de Conférences
Météo-France

First announcement and call for papers

Climate change, risks and adaptation.

The 35th annual AIC conference, jointly organised by Météo-France and the University of Toulouse III, will take place in Toulouse from 6 to 9 July 2022. It will be held at the Centre International de Conférences of Météo France. On Saturday 9 July, a scientific excursion will take place at the Pic du Midi Observatory (2880m). In the context of the multiplication of extreme events linked to climate change and the definition of adaptation measures at the different scales relevant for decision-making, the general theme of the conference will be *Climate change, risks and adaptation*. Other classical sub-themes of the disciplines of climatology are also proposed.

- Themes :
- ▶ Climate observation and modelling
 - ▶ Remote sensing and climat
 - ▶ Urban climate and urban planning
 - ▶ Mountain climate and glaciology
 - ▶ Climate and health
 - ▶ Water resources
 - ▶ Agrometeorology
 - ▶ Energy and air pollution

► Oral presentations or poster

The conference will be held in person. Presentations will be in the form of an oral presentation (15 min plus 5 min discussion) or a poster (A0 format, portrait orientation).

► Official languages of the conference

French and English

► Submission of abstracts

Authors must register and submit the abstract of their oral or poster communication (2500 characters maximum) on the conference website before December 3, 2021

Participants may present only one paper as first author.

► Selection, review and publication

After notification to the authors of the accepted abstracts (January 7, 2022), the first author will have to submit the extended abstract* (4 to 6 pages maximum) before February 25, 2022, which will be submitted to a review process by the scientific committee.

The final text must be validated by the scientific committee and will only be published in the conference proceedings once the first author has paid the registration fee.

* Instructions will be available on the conference website.

► Further informations

The second announcement will be released in January 2022. The third announcement with the final scientific programme will be published in June 2022.

Additional information on the conference (accommodation, excursions, social events, etc.) will be posted on the conference website.

<http://www.meteo.fr/cic/meetings/2022/aic>

► Health context

The organisation of the conference will be conditioned by the health regulations in force at the time of the event. All information on the subject will be regularly posted on the conference website.

► Registration fees

The registration fee includes access to the conference, the delegate file, the conference proceedings on a USB key, coffee breaks and three lunches. They must be paid by credit card via the conference website.

► Prices in euros

	→ 31.05	→ 30.06	July
AIC member	170	240	350
non-AIC member	270	330	350
PAMNC* member	100	150	350
student	50	100	350

To benefit from the AIC member rate, pay the AIC membership fee directly to the AIC Treasurer (valerie.bonnardot@univ-rennes2.fr).

membership form: <http://www.climato.be/aic/adhesion.html>

* PAMNC : non-convertible currency countries (list on the site)

► Scholarships

Applicants for AIC funding should send their application for a scholarship before 25 February 2022 to the AIC Secretariat (sandra.rome@univ-grenoble-alpes.fr).

The scholarships awarded are intended only for participants who are nationals of a non-convertible currency country, present a paper as first author and are members of the AIC.

► Post-conference excursion

On Saturday 9 July, a tourist and scientific excursion to the Pic du Midi Observatory (2880m).

Financial participation requested (bus, access to the site, catering).

► Social events

- Reception at the Salle des Illustres in the Capitole in Toulouse, Wednesday 6 July at 6.30pm.

- Gala dinner at the Hôtel-Dieu Saint-Jacques in Toulouse, Thursday 7 July at 7.30pm. Financial contribution requested.

► Organizing Committee

Jean-Michel Soubeyroux (Météo-France) - *responsable*

Dominique Serça (OMP, Laboratoire d'Aérodologie) - *responsable*

Valérie Bonnardot (Université Rennes II)

Lionel Jarlan (IRD CESBIO)

Sandra Rome (Université Grenoble-Alpes)

Philippe Caille, Agathe Drouin, David Salas y Melia et Isabelle Varin (Météo-France)

► International Scientific Committee

About fifty members, in charge of the validation of the papers.

More details on the conference website.
